## From the World of Mike-the-Locksmith

Greetings and many thanks to those of you who were kind enough to review us on Angie's List and Yelp.

## Commercial Locksmith Services

We now have 45 5-Star reviews on Yelp, 62 "A" Ratings on Angie's List, have been an Angie's List Honor Role recipient for 5 months running, and have been nominated for Best Small Business, Montgomery County, 2014.

The Brits call it bally spiffing (whatever that means); we Americans call it awesome!

Some of the reasons that we are so highly recommended are scenarios like the one we had last month with one of our customers from Rockville, who called us regarding a broken handle set on a bedroom door. He was fully expecting to purchase a replacement door handle.

When I came out, I told our customer that because the lock-set was made by Baldwin, he could get all the parts for the lock/handle mechanism replaced for free. The customer contacted the manufacturer and a week later was sent a full replacement mechanism for free. Other locksmith companies, would not have advised their customer to get the free parts but would have been happy to replace the entire lock-set for a charge. Instead, because of my advice, the customer got all the parts for free and incurred a very modest labor charge to do the work.

At Mike's Locksmith, we put our customers first by offering FREE, NO OBLIGATION, NO PRESSURE ESTIMATES UP-FRONT PRICING and NO TRAVEL FEES. We look forward to serving you in the future.

## Mike-the-Locksmith's Pick of the Month

### Mul-T-Lock Captive Key High-Security Deadbolt

Do you have a front door with side-lights or French doors?

Then the Captive Key with removable thumb-turn is the lock for you. Remove the thumb-turn when you leave and the deadbolt becomes a double-cylinder, preventing entry into your home, if door glass is broken. Return the thumb-turn to the lock and again your home is fire-safe.

With its truly unique design the Mul-T-Lock Hercular deadbolt is truly spectacular high security lock. The Captive Key, reinforced in just about every way possible, will stop almost any attempt at forced entry. The Hercular deadbolt is true **high security lock** that exceeds all high security standards.

This month, get yours for \$285.00. Give us a call.
