

### **A Message from Mike-the-Locksmith**

**continue to sleep with your dreams, or wake up and chase them. –  
Unknown**

Dear Readers,

Bring on the May flowers! Boy, did we have a long winter! Having security concerns? We offer free security assessments, just give us a call or email to schedule one. At Mike's Locksmith, we're here to help. As always, our estimates are FREE of charge and our pricing is UPFRONT.

**Is the Internet a Good Medium for Finding Residential or Commercial Service Providers?**

If search online for a contractor to do work at your home or business Google will show you hundreds of results. Some are not honest companies . A few nefarious players do exist, but you can find the quality providers, too. Here's how.

- Choose a reputed and established company that provides services locally. Make sure that you are calling a local phone number.
  - Check the company's website, in order to learn more about the company and their services in detail.
- 
- Ask for recommendations. The website NextDoor is a good resource.
  - Check online reviews before choosing a company online.
  - Be sure to ask for their license number and ask to see their license when you meet.
  - Ask for a written estimate.
